Based on the provided search results from March 2026, Tio Moreno (real name identified as Alex Destor) is a known DDS (Diehard Duterte Supporter) vlogger and internet personality in the Philippines. Facebook +1
Here are the key details regarding the controversies surrounding him:
"Igit" Controversy: Tio Moreno is currently the subject of intense social media discourse involving allegations that he "napa-igit" (unintentionally defecated) while in a spa, an issue he has been debating with other online personalities.
DDS Vlogger/Doxxing Issues: He is recognized for supporting the Duterte family and has been accused of spreading unconfirmed rumors. Recent reports suggest his personal information and alleged "fake lifestyle" were brought up on platforms like Reddit.
Controversy with Supporters: He has been accused of being "matapobre" (mocking the poor) after a viral post showed him allegedly mocking people earning a 16k monthly salary, while showcasing expensive items.

No Duterte vote in Antipolo 💪
A landslide win for the son of the late Rep. Romeo Acop — this is how Antipolo responded after Duterte allies and pages disrespected the death of their beloved congressman.
Even after the loud PDP proclamation of their candidate, complete with all the Duterte minions —- Red Llaga didn't stand a chance against Dok Bong Acop. Not even the Duterte's fake survey and all cast campaign. Lol

@realDonaldTrump
The United States has been informed by most of our NATO "Allies" that they don't want to get involved with our Military Operation against the Terrorist Regime of Iran, in the Middle East, this, despite the fact that almost every Country strongly agreed with what we are doing, and that Iran cannot, in any way, shape, or form, be allowed to have a Nuclear Weapon. I am not surprised by their action, however, because I always considered NATO, where we spend Hundreds of Billions of Dollars per year protecting these same Countries, to be a one way street — We will protect them, but they will do nothing for us, in particular, in a time of need. Fortunately, we have decimated Iran's Military — Their Navy is gone, their Air Force is gone, their Anti-Aircraft and Radar is gone and perhaps, most importantly, their Leaders, at virtually every level, are gone, never to threaten us, our Middle Eastern Allies, or the World, again! Because of the fact that we have had such Military Success, we no longer "need," or desire, the NATO Countries' assistance — WE NEVER DID! Likewise, Japan, Australia, or South Korea. In fact, speaking as President of the United States of America, by far the Most Powerful Country Anywhere in the World, WE DO NOT NEED THE HELP OF ANYONE! Thank you for your attention to this matter. MARY GRACE SPOTTED SA IMPEACHMENT

Nagulat at natuwa ang lahat sa pag dating ni Mary Grace sa House of Representatives.

Masarap at masustansya daw ang Mary Grace hindi tulad ng Answer Ad Cautelam ni Sara Duterte.

Tuwang tuwa si Cong. Leila De Lima ng ML Partylist at Cong. Perci Cendaña ng Akbayan Partylist sa pag dating ni Mary Grace.

Inaantay naman nila dumating ang Piattos! 👊

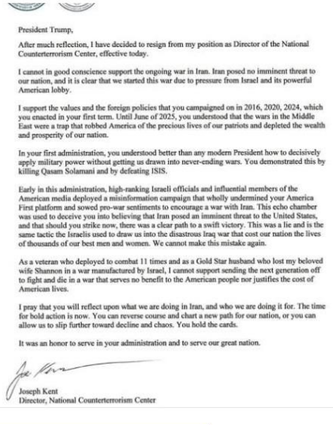
'I CANNOT IN GOOD CONSCIENCE SUPPORT THE ONGOING WAR IN IRAN'

Joe Kent, the director of the United States' National Counterterrorism Center, has resigned from his post over the ongoing war with Iran.

“After much reflection, I have decided to resign from my position as Director of the National Counterterrorism Center, effective today,” he said in a social media post on Tuesday, March 17.

“I cannot in good conscience support the ongoing war in Iran. Iran posed no imminent threat to our nation, and it is clear that we started this war due to pressure from Israel and its powerful American lobby,” Kent added. | RLL/
#IMTNEWS



President Trump,

After much reflection, I have decided to resign from my position as Director of the National Counterterrorism Center, effective today.

I cannot in good conscience support the ongoing war in Iran. Iran posed no imminent threat to our nation, and it is clear that we started this war due to pressure from Israel and its powerful American lobby.

I support the values and the foreign policies that you campaigned on in 2016, 2020, 2024, which you enacted in your first term. Until June of 2025, you understood that the wars in the Middle East were a trap that robbed America of the precious lives of our patriots and depleted the wealth and prosperity of our nation.

In your first administration, you understood better than any modern President how to decisively apply military power without getting us drawn into never-ending wars. You demonstrated this by killing Qasam Solamani and by defeating ISIS.

Early in this administration, high-ranking Israeli officials and influential members of the American media deployed a misinformation campaign that wholly undermined your America First platform and sowed pro-war sentiments to encourage a war with Iran. This echo chamber was used to deceive you into believing that Iran posed an imminent threat to the United States, and that should you strike now, there was a clear path to a swift victory. This was a lie and is the same tactic the Israelis used to draw us into the disastrous Iraq war that cost our nation the lives of thousands of our best men and women. We cannot make this mistake again.

As a veteran who deployed to combat 11 times and as a Gold Star husband who lost my beloved wife Shannon in a war manufactured by Israel, I cannot support sending the next generation off to fight and die in a war that serves no benefit to the American people nor justifies the cost of American lives.

I pray that you will reflect upon what we are doing in Iran, and who we are doing it for. The time for bold action is now. You can reverse course and chart a new path for our nation, or you can allow us to slip further toward decline and chaos. You hold the cards.

It was an honor to serve in your administration and to serve our great nation.

Joseph Kent
Director, National Counterterrorism Center
